Total Soccer's State College location is directed by Dan Visser. Dan joined Total Soccer in the spring of 2009 after enjoying a wildly successful playing career with NCAA Division III power Messiah College. During his four years, Messiah won three National Championships

and participated in four Final Fours. Dan served as captain in his junior and senior years and was named to the Regional All-American Team following his senior season. Noting the influence of soccer coaches in his own personal development, Dan strives to similarly impact the lives of young people through the game of soccer.

“A Welcoming Staff”

“From the moment we walked into the facility, my daughter felt at ease. The staff at Total Soccer was as welcoming then as they are today. Their personalities are exactly what every parent looks for in trainers and mentors; experienced, successful, effusive, outgoing and motivating people! Most importantly, my daughter looks forward to returning week after week.”

“The Next Level”

“A few years ago, I was at a turning point in my soccer career. I had a lot of physical and athletic skills to be a good player, however, to compete with the best, I needed to develop my technical skills. Fortunately, I found Total Soccer. They have helped me develop soccer skills that enable me to compete at the national level.”
